# Ellen Williams - Nursery

P. O. BOX 3350 HONOLULU, T. H.

c 1940

We have been shipping exotic and tropical plants to the United States and other countries for many years, always with satisfaction to our customers and gratification to ourselves.

It would take too much space to get into this feature at this time, but we shall enumerate a few—Anthuriums to Australia—Orchid Seedlings to Java, The Philippines, Delaware, New York, and Florida—Tree ferns for Chicago Public Conservatories, Portland, Ore, and Southampton, England.

RECEIVED  
JUN 11 1940  
U. S. Department of Agriculture

*Terms of Sale; Cultural Instructions and other features*—Orders accepted subject to prior sale, change or cancellation or to any contingency beyond our control.

All prices quoted are F.O.B. Railway Express office at Honolulu—all packages are shipped by Express, charges to be collected at destination.

Cash must accompany each order.

Minimum order must be \$5.00 plus 75 cents for each \$5.00 value for packing and export-shipping.

Complete and comprehensive cultural instructions accompany each order.

For protection of customer, we will delay shipping when, in our opinion, the prospective weather outlook indicates the plants would be injured in transit—we assume no responsibility for the weather at *any* time, however.

No substitutes *made* unless so ordered.

A check-remittance promptly made for portions of order not filled.

# GENERAL LIST

---

## PLANTS, SHRUBS, TREES AND VINES

---

Our prices are quoted to cover plants of a suitable size for shipping. Experience has taught us that it is useless to ship plants that are too small. The exact size varies with the species but that is part of our service to you—to pick plants that will best withstand the journey.

ABELIA grandiflora—medium-size bush, small white flowers.....	\$ .50
ACALYPHA—green and white (dwarf)—green leaves with white border, good pot plant.....	.50

<b>THUNBERGIA</b> grandiflora alba—strong quick growing vine—large white flowers.....	.50
<b>THUNBERGIA</b> grandiflora—strong quick growing vine, pale blue flowers.....	.50
<b>THUNBERGIA</b> laurifolia—strong quick growing vine—deep blue flowers.....	.50
<b>TREMA</b> orientalis—Charcoal Tree of India— —fastest growing tree we have in Honolulu	1.00
<b>TRISTELLATEIA</b> australis—(See <i>Galphimia</i> Vine)	

In addition to the foregoing list, we also maintain **ORCHID, ANTHURIUM, HIBISCUS, and TREE FERN DEPARTMENTS.** If you are interested, kindly write for our latest list of any of the following:—

## ORCHIDS

Our Orchids are “Hawaiian Born,”—raised from seed on our own premises and because of our ideal outdoor conditions, are **Extra Sturdy.**

## ANTHURIUMS

These lovely tropical flowers are also one of our specialties. We do our own hybridizing and stock our own varieties.

## HIBISCUS

New Hibiscus are being made constantly in Honolulu. We try to select the best varieties for you, in every color, and offer you the cream of the “up-to-date” market. Plants are well grafted and we receive excellent reports pertaining to their fine growth in their new situations.

## TREE FERNS

Our Tree Ferns are indigenous to the Hawaiian Islands and are offered in any size from one ft. to seven ft.

1 ft.....50c each

7 ft.....\$5.00 each

Also Tree Fern Pots, which make the best containers for Tree Ferns and other plants.

6" pot.....50c each

3' pot.....\$15.00 each
